

timo:12mm

Inspired by 1950's Scandinavian glass, these handmade solid glass spheres on 12mm polished steel rails complement the most minimal of window treatments.

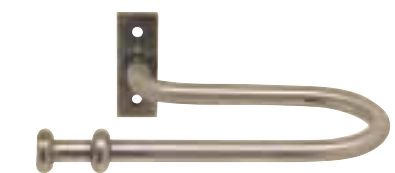

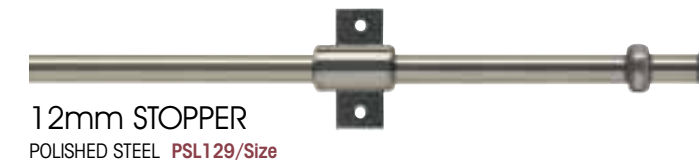

TIMO HOLDBACKS (Sold in pairs)
Projection to front of ball 150mm
Note: Timo holdback is not available as Clear (CL)

stopper:12mm

The sleekest most understated curtain rail in our collection has to be this polished steel curtain rail with simple Stopper finials. Available with matching holdbacks.

ARTISAN
Curtain Rails

Individual design ... for the discerning taste

The exclusive Artisan Range is a hand made collection of decorative poles in various metal finishes. The complementary finials in hand blown glass, metal, beads and wood, blend perfectly to create a truly unique range.

Artisan ... will stir the senses and awaken your passion for design ...

Specification: The Polished Steel Collection is available as a complete curtain rail set containing finials, poles, rings & brackets. Finials & rails are joined together inside the barrel of the brackets. Finials & rails can be cut down to size with a hacksaw if necessary.
