1200 Hand Drawn Curtain Track Fitting Instructions

Congratulations on your purchase! Correctly fitted, your curtain track will give you many years of efficient use.

Face Fix or Top Fix with bracket 3175

Brackets should be spaced evenly at no more than 50cm (20") intervals.

Firmly screw **3175** brackets to wall or ceiling. The two outside brackets should be located 10cm (4") in from the ends of track so as not to coincide with end covers. Remaining brackets should be equally spaced along track (approx. every 30-50cm/12"-20').

Screw for wall or ceiling with universal bracket.

To fit the track, simply push on as shown.

To remove the track, insert screwdriver as shown and twist.

Gliders can be easily added or removed.

P.T.O. These instructions are continued on reverse side.

If you need to shorten your track...

Unscrew and remove endcover and slide gliders to the other end.

Cut the track squarely with a junior hacksaw. Deburr if necessary.
